

Metro IT & Japanese Language Collage

Background

- **Metro IT & Japanese Language Center** is a "vocational school" created by a *software company*.
- "**Metro Group**", composed of "**Metro Computer Service Co., Ltd.**" which handles software development, "**Kawasaki Kosan Co., Ltd. (Metro Bookstore)**" handles sales of books, and "**Metro human resources center**" handling staffing businesses, established "**Metro IT & Japanese Language Center**" as a "division" of the "**Metro computer service education business**", aiming to *train* "**staffing personnel**" in order to cope with Japan's *shortage* of "**talented**" Computer Technicians.
- **Metro IT & Japanese Language Center** has 2 branches in Yangon & Mandalay.

Our special curriculum

- METRO provides its own special curriculum in order to give both Japanese and IT lectures at the same time.
- By teaching important topics in a balanced manner, students can find a good job in a short span of roughly 2 years.

IT Courses

- System Engineer
- Web Engineer
- Business IT Engineer
- PC Design Creator
- Study Aboard
- Regular Japanese

Native Japanese and Local Myanmar instructors

- METRO currently is focusing on compatibility between IT and Japanese.
- In Japanese classes, **native lecturers and Myanmar lecturers** will collaborate to give lectures in a well balanced way.

Granular support for each and every student

- Metro provides support to each person individually, such as individual interviews, sending notification tables, etc. from admission until graduation. We will also be helping to find employment.
- If you wish to get a job in Japan, our full-time Japanese staff will support you.
- Besides, We also prepare special lectures besides IT and Japanese such as extracurricular learning, learning Japanese culture, life planning and self-analysis besides our curriculum.

Focused on acquiring qualifications

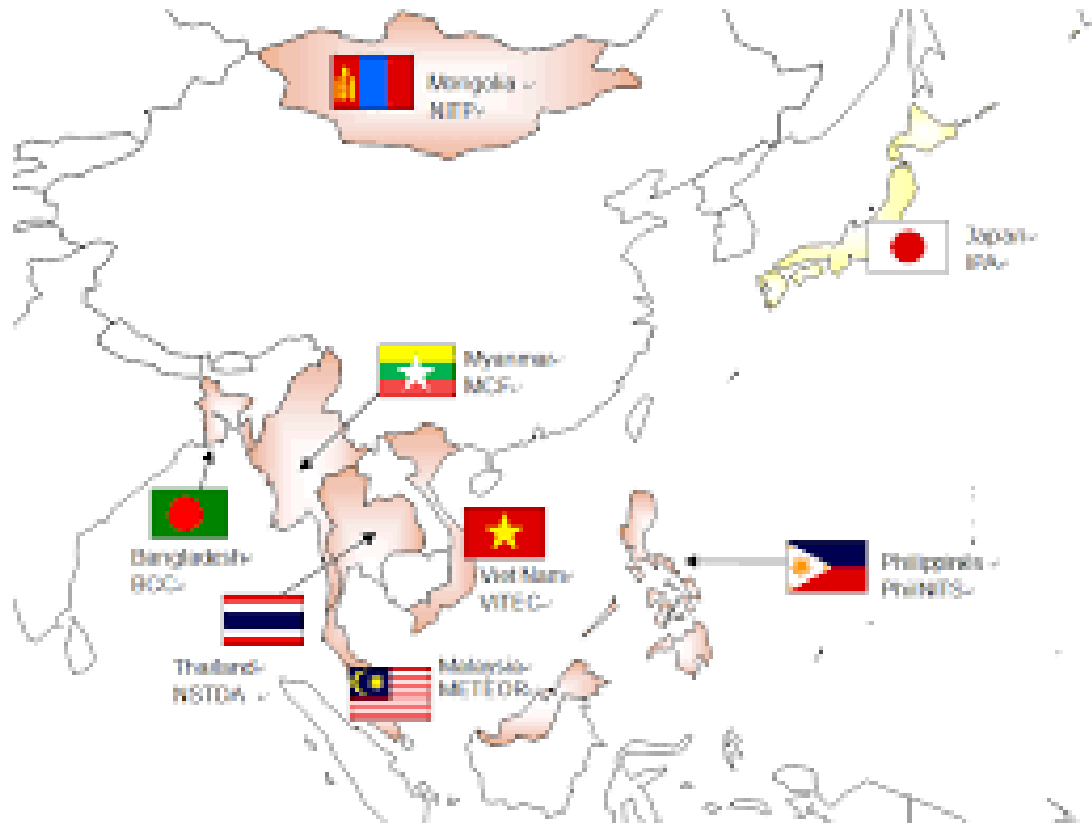

- METRO puts an emphasis on acquiring qualifications such as **JLPT N2** for Japanese and for **ITPEC Exam FE** for IT because these qualifications are immediately useful for employment.
- Learn practical IT technology with METRO while waiting for a university graduation qualification.
- Many of our students are studying at METRO while at the same time attending correspondence distance universities.

JLPT Exams

- The Japanese-Language Proficiency Test is held in Japan and abroad to evaluate and certify **Japanese-language proficiency of non-native speakers.**
- The JLPT is open to all non-native Japanese speakers. Eligibility extends to holders of Japanese citizenship. There are no age restrictions for the JLPT.

ITPEC Exams

- Information Technology Professionals Examination Council (hereinafter called "ITPEC") is the organization for a common IT examination in Asian countries, ITPEC Examination.
- It was formed on November 2005 to co-ordinate all efforts of the member countries for ITPEC Examination in cooperation with IPA, Japan.
- ITPEC includes members from **8 countries** (Philippines, Thailand, Vietnam, Myanmar, Mongolia, Bangladesh, Japan & Malaysia).

ITPEC Members

- (1) Japan
- (2) Myanmar
- (3) Mongolia
- (4) Bangladesh
- (5) Malaysia
- (6) Thailand
- (7) Philippines
- (8) Vietnam

ITPEC Passing Rate

- ITPEC IT Exam is conducted in **Eight Asian countries in April and October every year.**
- The first Batch of METRO had a passing rate of **60.5%** , which is much higher than the national average pass rate!

A certificate equivalent of an Japanese Diploma

- The department of IT is completely supervised by **METRO General Business College of Japan.**
- As such at the time of graduation, a certificate (diploma) certifying that "it is equivalent to graduation of a vocational school in Japan" will be issued to graduates.

Learn in style and comfort

- All classrooms are fitted with Air conditioners and projectors in order to make sure your learning experience a comfortable one.
